Will Brazil's first capacity reserve auction affect battery energy storage?

Changes to Brazil's first capacity reserve auction of 2025 could undermine the expansion of the procurement regime to include battery energy storage systems (BESS) in the second exercise of the year, according to Markus Vlasits, chairman of Brazil's energy storage trade body.

Will Brazil conduct the first energy storage auction?

Brazil is set to conduct the country's first-ever energy storage auction for adding batteries and storage systems to the national power grid.

Will changes to Brazil's first capacity reserve auction undermine BESS?

Changes to Brazil's first capacity reserve auction of 2025 could undermine the expansion of the procurement regime to include battery energy storage systems (BESS) in the second exercise of the year, according to Markus Vlasits, chairman of Brazil's energy storage trade body.

What is Brazil's ten-year power auction?

The auction will offer ten-year contracts from July 2029. The auction aims to boost Brazil's grid reliability by integrating energy storage for wind and solar power. Credit: r.classen/Shutterstock. Brazil is set to conduct its first auction for adding batteries and storage systems to the national power grid, as reported by Reuters.

The Brazilian Minister of Energy and Mining has unveiled an auction for battery energy storage projects to be held in 2025. A public consultation regarding the auction should be launched ...

Brazil will hold its first battery storage auction in April 2026, offering \$2 billion in opportunities for U.S. energy tech and equipment suppliers.

Brazil launches a 2026 energy storage auction to boost large-scale battery projects and define storage's role in its evolving power market.

Brazil's multi-track energy strategy The upcoming market call is just one segment of Brazil's broader energy planning for 2025. Other tenders expected this year include: The A-5 auction ...

Brazil Energy Storage Cabinet 30kWh Tender

Changes to Brazil's first capacity reserve auction of 2025 could undermine the expansion of the procurement regime to include battery energy storage systems (BESS) in the second exercise ...

Brazil's Ministry of Mines and Energy has launched a public consultation for the country's maiden battery storage auction as part of the 2026 Reserve Capacity Auction (LRCAP) - Storage. ...

Brazil's federal government is preparing to run the country's first-ever battery storage auction later in 2025, the Ministry of Mines and Energy (MME) has confirmed a statement, energy ...

October 18, 2024: Brazilian minister of energy and mining, Alexandre Silveira de Oliveira, has announced the country's first large-scale battery storage auction to be held in 2025.

According to the Brazilian Association of Energy Storage Solutions (ABSAE), there are already roughly 18 GW of battery energy storage projects ready for registration in the upcoming auction.

Brazil is set to conduct the country's first-ever energy storage auction for adding batteries and storage systems to the national power grid.
