Which direction should a locker room entrance be?

The locker room entrance must be in the north or east direction as it is considered favorable. Avoid south, south-east, south-west, north-west direction for placement of the door. For windows, prefer east and north directions in the room. No room becomes a room without its colour. Every room has its own story, which is defined by the colours.

How many doors should a locker have?

According to Vastu Shastra, the locker should always be kept at least one inch ahead of the wall except in the southeast and southwest corners. The room where the locker is kept should have only one entrance. Apart from this, the main door in this room should be made of two doors.

Why is it important to know the correct locker direction?

So it is very important to know the correct locker direction as per Vastu. Keeping the lockers in compliance with Vastu brings about positive changes and growth in life. It not only enhances the inflow of wealth but also ensures the prosperity of each family member. Let's check out the different locker direction according to Vastu:

How should a locker be placed?

The locker should be placed firmly. Its doors must not creak while opening or closing, and it should not be moving up and down. Make sure the locker is not placed directly in front of the door or window, or it will increase the outflow of your wealth. I hope the ideal direction for placing a locker is clear to you now.
