Highjoule's outdoor cabinets can be customized for 3kW to 20kW continuous output and 10kWh to 200kWh of lithium battery storage. The capacity is scalable depending on site load, sunshine hours, ...

Our 200KWh outdoor cabinet energy storage system works with PowerNet outdoor control inverter cabinets for modular expansion. This means you can meet the needs of large-scale applications ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

A standard 2-hour power backup solution is available for each cabinet, and the independent dual DC port design makes it easy to connect multiple cabinets for a 4-, 6-, or 8-hour expansion solution.

Utilizing a patented outdoor cabinet protection system, this solution safeguards against dust, rain, and sand, while optimizing channels for heat dissipation. With a dual-door maintenance ...

Long Cycle Life: The battery has a cycle life of 6000 times, with a discharge depth of 20-95%, ensuring reliable and efficient energy storage for extended periods, even in demanding applications.

Provide various application solutions, fast delivery and installation. It has energy storage system and equipment-level 3D visualizations, real-time presentation system running status and parameters.

After the on-site inspection by the Chinese customs, a shipping appraisal certificate and a dangerous package certificate will be issued, and then packed in a special wooden box to ensure safety during ...

We're an emerging brand in the photovoltaic industry. Sunranger's customers are located on all continents. We

Delivery time for 200kW outdoor photovoltaic energy storage cabinets for port terminals

provide the highest quality products and the most professional services.

Our in-house engineering and product development ensure that every solar PV system manufactured complies with international quality standards and is fully compatible for turnkey installations.
