Nema Enclosures manufactures IP65 enclosures, also known as IP65 cabinets or IP65 boxes. Contact us today for more on our IP65 electrical enclosure protection standards!

Our enclosure designs provide high quality electrical enclosures for industrial applications that can be easily customized to meet IP65 standards at a standard-model price.

This Hybrid Outdoor Telecom Enclosure is a fully integrated, weatherproof cabinet designed to house telecom power systems, batteries, and network equipment in outdoor environments.

All-in-one hybrid inverter charger and powerful lithium bat cabinet. Grid tie, battery back up, net metering, load share and generator. Pre-wired bat cabinet easy to install.

This outdoor battery cabinet is highly customizable and designed for telecom, power, and solar energy storage applications. It offers flexible configuration in structure, materials, cooling, electrical ...

Discover everything about IP65 inverter battery cabinets: standards, protection grades, performance specs, and common applications. Learn how these rugged enclosures ensure safety and reliability in ...

By integrating a high-performance hybrid inverter with scalable lithium battery modules, it ensures efficient energy conversion, flexible storage capacity, and long-term reliability.

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

Experience the future of energy storage with the High Voltage All-In-One Hybrid ESS solution, and unlock unparalleled efficiency, safety, and reliability for your energy management requirements. This ...

Free consultation on IP65 battery cabinet hybrid type

Our solar battery cabinet systems are storing Pylontech lithium-iron phosphate (LiFePO) batteries, in particular the US3000C rack mounted battery modules. We install these in a purpose built cabinet ...
