Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

What is Tongwei solar doing in 2025?

Tongwei Solar, the world's largest polysilicon supplier, has leveraged its deep upstream resources to rapidly expand into module manufacturing. In 2025, its module shipments are expected to exceed 30GW, placing it among the global top five and making it one of the fastest-growing brands in the industry.

What is Wood Mackenzie's 'global solar module manufacturer ranking'?

Wood Mackenzie has released its latest "Global Solar Module Manufacturer Ranking" report for the first half of 2025, which assesses solar panel companies on shipments, bankability and performance. JA Solar and Trinasolar jointly claimed the top rank, with scores of 91.7 and 91.6, respectively.

What is the future of photovoltaics in Europe?

Against the backdrop of an accelerating global energy transition, the total installed photovoltaic capacity worldwide is expected to exceed 1,200GW by 2025. The commercial and industrial (C&I) market in Europe is expanding in parallel, with solar PV becoming a key tool for businesses to manage energy consumption and drive green transformation.

Best photovoltaic panels 2025: complete guide to costs, efficiency, and incentives to choose the ideal solar module and maximize energy savings.

Selecting the right solar panel brands is crucial for maximizing energy efficiency, ensuring durability, and achieving long-term savings. With the solar industry evolving rapidly, staying informed about the top ...

Top 10 Solar Panel Manufacturers by Global Shipments (Q1-Q3 2025) During the first three quarters of 2025, the photovoltaic industry has reached a new balance among the leading ...

Significant factory footprints also exist in Southeast Asia and the USA as solar module manufacturers and PV

Photovoltaic Panel Ranking in 2025

manufacturers diversify. What are the future trends in solar panel ...

PVTIME - On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic Conference in ...

Independent testing reveals the top solar panel brands for 2025. Compare efficiency, warranties, and real-world performance from industry experts.

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module manufacturers to help ...

The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the previous year's volume, according to Wood ...

Explore "Best PV Panel 2025" for in-depth reviews, rankings, and expert insights on the most efficient solar panels for 2025. Make informed energy decisions today.

Wood Mackenzie has released its latest "Global Solar Module Manufacturer Ranking" report for the first half of 2025, which assesses solar panel companies on shipments, bankability and ...
