Solar energy is renewable, meaning that we'll have energy as long as the sun is alive. And according to NASA, the sun will be around for another 6.5 billion years.

Pricing: Comparing Vivint's pricing to local solar companies is essential. While national companies like Vivint may offer competitive rates, it's beneficial to gather quotes from local installers too.

Vivint Solar was an American provider of photovoltaic solar energy generation systems, primarily for residential customers. The company was established in 2011 as an offshoot of home automation and security company Vivint and was headquartered in Lehi, Utah. The company primarily used a power purchase agreement (PPA) business model where Vivint Solar installed and maintained a solar system on a customer's h...
